

Classic Globe Lighting. Engineered for Architecture.

Litesphere™ 2.0 is Tivoli’s specification-grade decorative strand system designed for clean visual rhythm, long runs, and dependable performance in interior and exterior environments. Factory-molded spacing, durable PET globes, and flexible mounting make Litesphere 2.0 a reliable choice for architectural and hospitality applications.

Key Features

- **12V DC Low-Voltage System:** Ideal for extended runs with reduced voltage drop.
- **Factory-Molded Spacing:** Uniform appearance from start to finish.
- **Flexible Mounting:** Surface/flush or suspended applications.
- **Shatter-Proof PET Globes:** 100% shatter-proof for safer commercial and outdoor use.
- **DarkSky Option:** Optional light shades available.
- **Wet-Location Rated:** IP67 with sealed connectors.
- **Certified & Reliable:** cULus listed, 5-year warranty.

Product Performance Highlights

- **Output Options:** Standard, High Output, Very High Output
- **Maximum Output:** Up to 90.2 lumens per foot (VHO)
- **Spacing Options:** 6", 12", 18", 24", 36", 48" on-center
- **Max Electrical Run:** Up to 90 ft (spacing dependent)
- **Controls:** MLV, ELV, 0-10V, DMX (with compatible power supplies)
- **Power Consumption:** 0.09 - 0.96
- **Lumen Maintenance:** 70,000 hours
- **Operating Temp:** -40°C to 65°C (-40°F to 149°F)
- **IP67:** Wet location

Globe Options (2.5" PET)

A wide selection of durable PET globes allows designers to tailor both aesthetic and performance:

- **Classic & Diffused:** Clear, Frosted, Opal
- **Decorative Styles:** Gina, Katie, Angela
- **Color Options:** Red, Green, Blue, Yellow, Purple, Amber, Turtle Safe

Power leads, jumpers, connectors, DarkSky shades, and compatible power supplies are available to support fully integrated LITESPHERE 2.0 systems. Detailed ordering information is available in the full specification sheet.
